

# YOUTH DAY COMMEMORATIONS

## Message from the Mayor, Cllr Zamo Nxumalo

The month of June in 2022, marks 46 years since the 1976 student uprising. In this important month in the calendar of South Africa the country reflects on the massacre of school children during the Soweto Uprising of 16 June 1976.

Each year, June 16 is recognised as one of the important days which had an immense impact on the liberation of South Africa, especially in relation to the youth.

The theme for this year's Youth Month is "***Promoting sustainable livelihoods and resilience of young people for a better tomorrow***".

Indeed our young people are our future and as such their participation in the shaping of a better South Africa is vital.

On behalf of the Harry Gwala District Municipality,  
***Happy Youth Day and Youth Month***
